ALSTOM

Product Data Sheet

LD106

Static digital output module

FUNCTION	FAMILY	ORIGIN	WEIGHT
Static digital output module	**Alstom**	**France**	**0.95 kg**

Alstom LD106 is a Static digital output module for the Alstom. The values below are limited to the exact documented article.

01 VERIFIED TECHNICAL DATA

Control platform	ALSPA P320
I/O family	CE2000
Output channels	16
Output technology	Static solid-state outputs
Process voltage	48 V DC
Signal type	Discrete command outputs
Supervision	Watchdog monitoring
Rack role	CE2000 process output interface

02 ADDITIONAL PRODUCT DATA

03 OFFICIAL APPLICATIONS

- Thermal and hydroelectric power generation: Renewable power generation and energy integration
- Municipal water and wastewater treatment: Industrial water and environmental treatment
- Discrete and component manufacturing: Continuous industrial production

04 SYSTEM COMPATIBILITY

Match LD106 to the installed Alstom, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.

05 OFFICIAL SOURCES

Technical parameter record for the exact product identity

Reference retained in the product evidence record
