ABB

Product Data Sheet

SPAM150C SPAM150C-AA

Motor protection relay

FUNCTION	FAMILY	ORIGIN	WEIGHT
Motor protection relay	**ABB**	**Finland**	**3.0 kg**

ABB SPAM150C SPAM150C-AA is a Motor protection relay for the ABB. The values below are limited to the exact documented article.

01 VERIFIED TECHNICAL DATA

Protection family	SPACOM
Relay designation	SPAM 150 C
Measured quantity	Three-phase motor current
Thermal overload protection	Included
Earth-fault protection	Included
Phase overcurrent protection	Included
Phase-unbalance protection	Included
Incorrect phase sequence	Monitored
Motor start supervision	Included
Primary application	Medium and large three-phase AC motors

Technical values are limited to the exact manufacturer record and applicable official manual.

02 ADDITIONAL PRODUCT DATA

Current input method	Current-transformer connection
Lifecycle	Not active since 2016

03 OFFICIAL APPLICATIONS

- Thermal and hydroelectric power generation: Renewable power generation and energy integration
- Discrete and component manufacturing: Continuous industrial production
- Municipal water and wastewater treatment: Industrial water and environmental treatment

04 SYSTEM COMPATIBILITY

Match SPAM150C SPAM150C-AA to the installed ABB, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.

05 OFFICIAL SOURCES

Technical parameter record for the exact product identity

Reference retained in the product evidence record
