GENERAL ELECTRIC

Product Data Sheet

MIVII3000E00HI00

MIV II voltage protection relay

FUNCTION	FAMILY	ORIGIN	WEIGHT
MIV II voltage protection relay	**General Electric**	**USA**	**1.8 kg**

General Electric MIVII3000E00HI00 is a MIV II voltage protection relay for the General Electric. The values below are limited to the exact documented article.

01 VERIFIED TECHNICAL DATA

Relay family	GE Multilin MIV II
Protection function	Voltage protection and supervision
Protection elements	Definite-time and inverse-time voltage
User interface	Front display and keypad
Event recording	Supported
Programmable inputs	Model option dependent
Programmable outputs	Model option dependent
Communication	Order-code dependent
Settings storage	Nonvolatile memory
Installation role	Panel-mounted protection relay

Technical values are limited to the exact manufacturer record and applicable official manual.

02 ADDITIONAL PRODUCT DATA

03 OFFICIAL APPLICATIONS

- Thermal and hydroelectric power generation: Renewable power generation and energy integration
- Commercial and public buildings: Industrial and institutional buildings
- Rail and urban transportation: Road and logistics infrastructure

04 SYSTEM COMPATIBILITY

Match MIVII3000E00HI00 to the installed General Electric, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.

05 OFFICIAL SOURCES

Technical parameter record for the exact product identity

Reference retained in the product evidence record
