RELIANCE ELECTRIC

Product Data Sheet

DCC53120 DCC2000

Harmonic drive insert module

FUNCTION	FAMILY	ORIGIN	WEIGHT
Harmonic drive insert module	**Reliance Electric**	**USA**	**0.95 kg**

Reliance Electric DCC53120 DCC2000 is a Harmonic drive insert module for the Reliance Electric. The values below are limited to the exact documented article.

01 VERIFIED TECHNICAL DATA

Platform	DCC 2000
Module format	Rack insert module
Module function	Harmonic drive interface
Base identifier	DCC53120
Platform marking	DCC2000
Control role	Drive feedback and control interface
Backplane interface	DCC rack edge connector
Lifecycle class	Legacy drive-control module

Technical values are limited to the exact manufacturer record and applicable official manual.

02 ADDITIONAL PRODUCT DATA

03 OFFICIAL APPLICATIONS

- Discrete and component manufacturing: Continuous industrial production
- Thermal and hydroelectric power generation: Renewable power generation and energy integration
- Rail and urban transportation: Road and logistics infrastructure

04 SYSTEM COMPATIBILITY

Match DCC53120 DCC2000 to the installed Reliance Electric, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.

05 OFFICIAL SOURCES

Technical parameter record for the exact product identity

Reference retained in the product evidence record
