WOODWARD CONTROL HARDWARE

Product Data Sheet

5441-693

Woodward industrial control module

FUNCTION	FAMILY	ORIGIN	WEIGHT
Woodward industrial control module	**Woodward control hardware**	**United States**	**0.65 kg**

Woodward 5441-693 is a Woodward industrial control module for the Woodward control hardware. The values below are limited to the exact documented article.

01 VERIFIED TECHNICAL DATA

Part Number	5441-693
Product Class	Industrial control module
Controller Family	Woodward control hardware
Mounting	Controller chassis
Backplane	Model-specific controller backplane
Field Interface	Model-specific terminals
Power Input	Controller backplane supplied
Configuration	Application dependent
Diagnostics	Controller status diagnostics
Service Role	Control-system spare module

Technical values are limited to the exact manufacturer record and applicable official manual.

02 ADDITIONAL PRODUCT DATA

Revision Check	Required from nameplate
Connector Keying	Model-specific
Replacement	Exact part matching required
Commissioning	Controlled functional test
Documentation	Woodward service manual dependent

03 OFFICIAL APPLICATIONS

- Prime Mover Control
- Turbomachinery Control
- Marine Engine Control

04 SYSTEM COMPATIBILITY

Match 5441-693 to the installed Woodward control hardware, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
