

20AD1P1A3AYNNC0 PowerFlex 70 AC Drive 20A

Lifecycle status: Discontinued

 Rockwell Automation announces that as of June 01, 2023, the PowerFlex 70 AC Drive 20A will be discontinued and no longer available for sale. Customers are encouraged to remove references to the affected product(s)

Discontinued Date: June 01, 2023
Replacement Category: Direct Replacement

Overview	Number of analogue outputs	1
Technical Specifications	Mains voltage	480 V
	Integrated breaking resistance	False
Mechanical	Internal dynamic brake resistors	115 ohm
Electrical	Number of digital inputs	6
Environmental	Number of digital outputs	2
Documents	Number of analogue inputs	2
Certifications	Supporting protocol for DeviceNet	True
Alternative Products	Application in industrial area permitted	True
	Supporting protocol for EtherNet/IP	True
Technotes	Mains frequency	50 Hz
	Efficiency	97.5% at rated A, nominal line volts
	Number of HW-interfaces RS-232	2
	Number of HW-interfaces RS-485	2
	Number of HW-interfaces USB	2
	Number of phases output	3
	Number of phases input	3
	Relative symmetric net voltage tolerance	10 %
	With control element	True
	Supporting protocol for TCP/IP	True
	Supporting protocol for PROFIBUS	True
	Supporting protocol for CAN	True
	Supporting protocol for Modbus	True
	Application in domestic- and commercial area permitted	True
	Input frequency tolerance	47 Hz
	Voltage tolerance	-10 %
