

LOGO! 8.3 BASIC UNITS

Product Data Sheet

6ED1052-1HB08-0BA1

LOGO logic module

FUNCTION LOGO logic module	FAMILY LOGO! 8.3 basic units	ORIGIN Germany	WEIGHT 0.38 kg
-------------------------------	---------------------------------	-------------------	-------------------

Siemens LOGO! 6ED1052-1HB08-0BA1 is a LOGO logic module for the LOGO! 8.3 basic units. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Supply Voltage	24 V AC/DC
Digital Inputs	8 integrated inputs
Digital Outputs	4 relay outputs
Program Capacity	400 function blocks
Display	Integrated operator display
Ethernet	Integrated Ethernet interface
Web Functions	Web server and user pages
Memory Card	Standard microSD support
Mounting	35 mm DIN rail; four modules wide
Commissioning Check	Load project and test I/O and Ethernet

ADDITIONAL PRODUCT DATA

OFFICIAL APPLICATIONS

- Apply the 24 V logic control: Use 6ED1052-1HB08-0BA1 for 4 relay outputs within the documented LOGO! 8.3 basic units. Confirm identity, installation position and the controlled system record before work.
- Prepare the relay output switching: Record standard microswitch support, adjacent hardware, cable or fastener arrangement and the applicable manufacturer instructions before removal.
- Complete the Ethernet project commissioning: Load project and test I/O and Ethernet. Review diagnostics or mechanical retention and save the final result before release.

SYSTEM COMPATIBILITY

Match 6ED1052-1HB08-0BA1 to the installed LOGO! 8.3 basic units, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
