

SIMATIC AUTOMATION SYSTEMS

Product Data Sheet

A5E00110975

industrial control circuit board

FUNCTION industrial control circuit board	FAMILY SIMATIC automation systems	ORIGIN Germany	WEIGHT 0.1 kg
--	--------------------------------------	-------------------	------------------

Siemens Simatic S7 A5E00110975 is a industrial control circuit board for the SIMATIC automation systems. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Manufacturer	Siemens
Order Number	A5E00110975
Product Type	Industrial Control Circuit Board
Product Family	SIMATIC automation systems
Country of Origin	Germany
Supply Voltage	24 V DC
Backplane Interface	SIMATIC system bus
Installation	Control cabinet
Protection Class	IP20
Configuration	STEP 7 engineering

- Use A5E00110975 in its documented control function: Apply A5E00110975 in the specified SIMATIC automation systems position and confirm the complete Siemens order number, installed hardware revision, power supply and approved engineering project before service.
- Record the installed interface arrangement: Photograph terminal labels, connector keying, network or signal cabling, shields, protective earth and neighboring modules. Preserve the documented slot and configuration during exchange.
- Test the affected automation function: After fitting A5E00110975, restore the controlled project, review module diagnostics and test the affected I/O, HMI, network, weighing or drive function at a safe operating point. Record final acceptance results.

Match A5E00110975 to the installed SIMATIC automation systems, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
