Siemens SIWAREX 7MH4930-0AA01 is a siwarex cs weighing module for the SIWAREX weighing and power measurement. The values below are limited to the exact documented article.

01

## VERIFIED TECHNICAL DATA

|                      |                                        |
|----------------------|----------------------------------------|
| Manufacturer         | Siemens                                |
| Order Number         | 7MH4930-0AA01                          |
| Product Type         | Siwarex Cs Weighing Module             |
| Product Family       | SIWAREX weighing and power measurement |
| Country of Origin    | Germany                                |
| Supply Voltage       | 24 V DC                                |
| Measurement Function | Industrial weighing                    |
| Signal Interface     | Load-cell input                        |
| Communication        | SIMATIC system bus                     |
| Module Format        | Control-cabinet module                 |

- Use 7MH4930-0AA01 in its documented control function: Apply 7MH4930-0AA01 in the specified SIWAREX weighing and power measurement position and confirm the complete Siemens order number, installed hardware revision, power supply and approved engineering project before service.
- Record the installed interface arrangement: Photograph terminal labels, connector keying, network or signal cabling, shields, protective earth and neighboring modules. Preserve the documented slot and configuration during exchange.
- Test the affected automation function: After fitting 7MH4930-0AA01, restore the controlled project, review module diagnostics and test the affected I/O, HMI, network, weighing or drive function at a safe operating point. Record final acceptance results.

Match 7MH4930-0AA01 to the installed SIWAREX weighing and power measurement, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
