

2300 VIBRATION MONITORS

Product Data Sheet

200350-02-00-01

2300 vibration monitor module

FUNCTION	FAMILY	ORIGIN	WEIGHT
2300 vibration monitor module	2300 Vibration Monitors	United States	0.2 kg

2300 Vibration Monitors 200350-02-00-01 is a 2300 vibration monitor module for the 2300 Vibration Monitors. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Manufacturer	Bently Nevada
Order Number	200350-02-00-01
Product Type	2300 Vibration Monitor Module
System Family	2300 Vibration Monitors
Measurement Principle	Eddy-current or vibration sensing
System Supply	Matched monitor interface
Signal Interface	Coaxial transducer connection
Installation	Machine bearing housing
Target Material	Ferromagnetic shaft surface
Connector Check	Keying and contact condition

ADDITIONAL PRODUCT DATA

Cable Check	Length and armor configuration
Grounding Check	Shield continuity
Configuration Record	Channel setup and scale factor
Diagnostic Check	Gap voltage and monitor status
Commissioning Test	Controlled shaft measurement test

OFFICIAL APPLICATIONS

- Use 200350-02-00-01 in its documented measurement chain: Apply 200350-02-00-01 only with the documented 2300 Vibration Monitors. Confirm the complete Bently Nevada order code, probe construction, cable or housing configuration and matched monitor channel before service.
- Record the installed sensor arrangement: Photograph the probe, connector, extension cable, Proximito or monitor channel, armor routing, brackets and target location. Preserve the documented total system length and mechanical position during exchange.
- Test gap and vibration response: After fitting 200350-02-00-01, verify gap voltage, cable continuity, channel configuration and measured shaft response at a controlled operating point. Record the final monitor diagnostics and acceptance results.

SYSTEM COMPATIBILITY

Match 200350-02-00-01 to the installed 2300 Vibration Monitors, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
