- Use the documented SITRANS alarm control unit: Apply 7MH7562-4AA only in the manufacturer-specified SIWAREX weighing systems position. Match the complete article number, electrical interfaces and adjacent hardware before service.
- Preserve interfaces and module position: Record connector keying, terminal assignments, shields, protective earth and neighboring assemblies for 7MH7562-4AA; restore the same controlled arrangement during installation.
- Validate the restored control function: After installing 7MH7562-4AA, review system diagnostics and test the affected signals, communication or controlled equipment at a safe operating point. Record the final acceptance results.

Match 7MH7562-4AA to the installed SIWAREX weighing systems, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
