

ABB INDUSTRIAL CONTROL SYSTEMS

Product Data Sheet

1MRK002239-BB

power supply circuit board

FUNCTION power supply circuit board	FAMILY ABB industrial control systems	ORIGIN Germany	WEIGHT 0.32 kg
---	---	--------------------------	--------------------------

ABB 1MRK002239-BB is a power supply circuit board for the ABB industrial control systems. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Manufacturer	ABB
Exact Article Code	1MRK002239-BB
Product Family	ABB industrial control systems
Component Type	Power Supply Circuit Board
System Class	DCS System
Mounting Format	Plug-in control rack
System Interface	Manufacturer backplane bus
Control Supply	24 V DC control class
Channel Capacity	Model-defined channel set
Signal Standard	System-specific I/O levels

ADDITIONAL PRODUCT DATA

Electrical Isolation	Isolated field circuits
Operating Temperature	-40°C to +70°C
Protection Level	IP20 installed equipment
Configuration Tool	Manufacturer engineering software
Commissioning Test	I/O and diagnostic functional test

OFFICIAL APPLICATIONS

- Operate the documented power supply circuit board: Use 1MRK002239-BB in the specified ABB industrial control systems position with the documented supply, signal range and system interface. Match the complete article code and installed rack records before service.
- Restore every documented connection: Record terminal numbers, connector keying, rack position, shields and protective earth for 1MRK002239-BB. Preserve the approved ABB configuration and cable routing during exchange.
- Validate the restored control function: After fitting 1MRK002239-BB, check power and module diagnostics, then test the affected I/O, communication, controller or measurement function at a safe operating point and record acceptance.

SYSTEM COMPATIBILITY

Match 1MRK002239-BB to the installed ABB industrial control systems, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
