

ABB INDUSTRIAL CONTROL SYSTEMS

Product Data Sheet

1MRK002246-BE

industrial control module

FUNCTION industrial control module	FAMILY ABB industrial control systems	ORIGIN Germany	WEIGHT 0.38 kg
--	---	--------------------------	--------------------------

ABB 1MRK002246-BE is a industrial control module for the ABB industrial control systems. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Manufacturer	ABB
Exact Article Code	1MRK002246-BE
Product Family	ABB industrial control systems
Component Type	Industrial Control Module
System Class	DCS System
Mounting Format	Plug-in control rack
System Interface	Manufacturer backplane bus
Control Supply	24 V DC control class
Channel Capacity	Model-defined channel set
Signal Standard	System-specific I/O levels

Electrical Isolation	Isolated field circuits
Operating Temperature	0 to +55 °C cabinet range
Protection Level	IP20 installed equipment
Configuration Tool	Manufacturer engineering software
Commissioning Test	I/O and diagnostic functional test

- Operate the documented industrial control module: Use 1MRK002246-BE in the specified ABB industrial control systems position with the documented supply, signal range and system interface. Match the complete article code and installed rack records before service.
- Restore every documented connection: Record terminal numbers, connector keying, rack position, shields and protective earth for 1MRK002246-BE. Preserve the approved ABB configuration and cable routing during exchange.
- Validate the restored control function: After fitting 1MRK002246-BE, check power and module diagnostics, then test the affected I/O, communication, controller or measurement function at a safe operating point and record acceptance.

Match 1MRK002246-BE to the installed ABB industrial control systems, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
