Product Data Sheet

86497-XX-XX-01-00

monitoring interface module

FUNCTION monitoring interface module	FAMILY 3300 System	ORIGIN United States	WEIGHT 1.8 kg
--	------------------------------	--------------------------------	-------------------------

3300 System 86497-XX-XX-01-00 is a monitoring interface module for the 3300 System. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Exact Part Number	86497-XX-XX-01-00
Product Family	3300 System
Component Type	Monitoring Interface Module
Channel Capacity	2 channels
Rack Space	One full-height slot
Backplane Supply	3500/3300 rack power
Input Type	Condition-monitoring transducer
Alarm Outputs	Alert and Danger levels
Status LEDs	OK, TX/RX and Bypass
Buffered Output	Front-panel transducer signal

ADDITIONAL PRODUCT DATA

Configuration	Rack configuration software
Relay Logic	Programmable alarm voting

OFFICIAL APPLICATIONS

- Apply the documented monitoring interface module: Use 86497-XX-XX-01-00 in the documented 3300 System measurement or protection channel. Match the exact order code, installed position, signal range and monitored machine function before work.
- Restore the recorded monitoring interface module connections: Photograph terminals, coaxial connectors, shields, earth points, rack slot and adjacent hardware before removing 86497-XX-XX-01-00. Restore each connection to the controlled drawing.
- Validate the complete monitoring interface module signal path: After installing 86497-XX-XX-01-00, check transducer supply, gap or zero, signal response, alarms and rack diagnostics. Record the measured values before releasing the machine channel.

SYSTEM COMPATIBILITY

Match 86497-XX-XX-01-00 to the installed 3300 System, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
