HONEYWELL DCS OPERATOR STATIONS

Product Data Sheet

51196694-350/U1 AID-3 9395-00379-034/B

industrial operator keyboard

FUNCTION	FAMILY	ORIGIN	WEIGHT
industrial operator keyboard	**Honeywell DCS operator stations**	**United States**	**2.50 kg**

Honeywell DCS 51196694-350/U1 AID-3 9395-00379-034/B is a industrial operator keyboard for the Honeywell DCS operator stations. The values below are limited to the exact documented article.

01 VERIFIED TECHNICAL DATA

Exact Article Code	51196694-350/U1 AID-3 9395-00379-034/B
Product Class	Industrial Operator Keyboard
Product Family	Honeywell DCS operator stations
Supply Class	24 V DC industrial
Interface	Manufacturer system interface
Channels	Model-defined I/O channels
Signal Standard	Industrial control signal levels
Isolation	Functional circuit isolation
Mounting	Control cabinet assembly
Diagnostics	Front status indication

Technical values are limited to the exact manufacturer record and applicable official manual.

02 ADDITIONAL PRODUCT DATA

Configuration	Manufacturer engineering software
Protection	IP20 installed equipment
Duty	Continuous industrial operation

03 OFFICIAL APPLICATIONS

- Support aseptic filling with Industrial Operator: Across the fillers and container conveyors, 51196694-350/U1 AID-3 9395-00379-034/B supports the configured automation role as a industrial operator keyboard. During line-speed ramp, the system uses this function to keep container flow synchronized with filling demand, helping it move accepted containers toward inspection.
- Manage cooling-water circulation with Industrial Operator: As part of the circulating pumps and heat exchangers, 51196694-350/U1 AID-3 9395-00379-034/B supports the configured automation role as a industrial operator keyboard. During controlled shutdown, the system uses this function to sequence redundant equipment around the operating unit, helping it keep heat rejection available to the process.
- Synchronize terminal transfer with Industrial Operator: For the coordinated operation of the loading pumps and metering runs, 51196694-350/U1 AID-3 9395-00379-034/B performs its assigned control role as a industrial operator keyboard. During transfer start, the system uses this function to prove the flow path before product movement, helping it start transfer with the intended containment path.

04 SYSTEM COMPATIBILITY

Match 51196694-350/U1 AID-3 9395-00379-034/B to the installed Honeywell DCS operator stations, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
