

APOGEE BUILDING AUTOMATION SYSTEMS

Product Data Sheet

PXC24.2-E.A

24-point BACnet automation controller

FUNCTION	FAMILY	ORIGIN	WEIGHT
24-point BACnet automation controller	APOGEE building automation systems	Germany	Confirm before dispatch

Siemens Building Technologies PXC24.2-E.A is a 24-point BACnet automation controller for the APOGEE building automation systems. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Exact Article Code	PXC24.2-E.A
Product Class	24-Point Bacnet Automation Controller
Product Family	APOGEE building automation systems
Physical Points	24
Network Protocol	BACnet/IP
Ethernet Interface	Integrated
Controller Family	APOGEE PXC
Expansion Support	TX-I/O modules
Program Execution	BACnet automation station
Supply Class	24 V AC

ADDITIONAL PRODUCT DATA

Successor	PXC5.E24
Lifecycle Status	Discontinued
Net Weight	0.936 kg
Commodity Code	8537109160
Origin	United States

OFFICIAL APPLICATIONS

- Material handling and mills for 24-point BACnet automation contr: Equipment coordination tasks ■ 24-point process signal handling ■ 24-point operating status exchange
- Sectional drives and stock preparation for 24-point BACnet automation contr: Production control tasks ■ 24-point process signal handling ■ 24-point operating status exchange
- Assembly cells and conveyors for 24-point BACnet automation contr: Cell coordination tasks ■ 24-point process signal handling ■ 24-point operating status exchange

SYSTEM COMPATIBILITY

Match PXC24.2-E.A to the installed APOGEE building automation systems, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
