

CONTROLLOGIX 5560 CONTROLLER SYSTEMS

Product Data Sheet

1756-BA1

controller battery assembly

FUNCTION controller battery assembly	FAMILY ControlLogix 5560 controller systems	ORIGIN United States	WEIGHT 0.02 kg
---	--	-------------------------	-------------------

Allen-Bradley ControlLogix 1756-BA1 is a controller battery assembly for the ControlLogix 5560 controller systems. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Battery Chemistry	Lithium
Nominal Voltage	3 V DC
Controller Family	ControlLogix 5560
Installation Location	Controller battery compartment
Battery Indicator	BAT status LED
Replacement State	Controller power removed
Retention Function	Volatile memory backup
Disposal Requirement	Follow lithium battery regulations

- Programmable Controller Racks and Machine Control Cells: Controller memory retention
- Pump Station Controllers and Treatment Process Panels: Control state retention
- Batch Controllers and Packaging Line Control Racks: Production program retention

Match 1756-BA1 to the installed ControlLogix 5560 controller systems, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
