Siemens Simatic S7 6ES7621-6BD02-0AE3 is a compact automation unit for the SIMATIC C7-621 ASI. The values below are limited to the exact documented article.

01

## VERIFIED TECHNICAL DATA

|                    |                                      |
|--------------------|--------------------------------------|
| Controller Core    | SIMATIC S7-300 CPU                   |
| Operator Interface | Integrated OP3                       |
| Fieldbus Master    | AS-Interface master                  |
| Unit Construction  | Compact integrated unit              |
| Lifecycle Status   | End of product lifecycle             |
| Product Class      | Engineered customer-specific product |
| RoHS Status        | Not RoHS compliant                   |
| Order Quantity     | One piece                            |

- Crushing and grinding plant automation: Mineral Processing Systems
- Stock preparation and paper production: Mill Production Systems
- Sorting and conveyor system automation: Material Handling Systems

Match 6ES7621-6BD02-0AE3 to the installed SIMATIC C7-621 ASI, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
