

SIMATIC S7-400 INTERFACE MODULES

Product Data Sheet

6ES7467-5FJ00-0AB0

PROFIBUS DP master interface

FUNCTION PROFIBUS DP master interface	FAMILY SIMATIC S7-400 interface modules	ORIGIN Germany	WEIGHT 0.81 kg
---	---	--------------------------	--------------------------

S7-400 6ES7467-5FJ00-0AB0 is a PROFIBUS DP master interface for the SIMATIC S7-400 interface modules. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Interface Module	IM 467 FO
Bus Role	PROFIBUS DP master
Controller Platform	SIMATIC S7-400
Field Device Link	PROFIBUS DP standard
Transmission Medium	Fiber optic
Rack Integration	S7-400 module slot
Lifecycle Status	End of product lifecycle
Network Function	Distributed field I/O master

- Crushing and grinding plant automation: Mineral Processing Systems
- Stock preparation and paper production: Mill Production Systems
- Sorting and conveyor system automation: Material Handling Systems

Match 6ES7467-5FJ00-0AB0 to the installed SIMATIC S7-400 interface modules, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
