

SINUMERIK MACHINE CONTROL PANELS

Product Data Sheet

6FC5303-0AF23-0AA1

MCP 310C PN machine control panel

FUNCTION	FAMILY	ORIGIN	WEIGHT
MCP 310C PN machine control	SINUMERIK machine control panels	Germany	0.50 kg

Siemens Sinumerik 6FC5303-0AF23-0AA1 is a MCP 310C PN machine control panel for the SINUMERIK machine control panels. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Panel Type	MCP 310C PN
Panel Width	310 mm
Network Interface	PROFINET / Industrial Ethernet
Key Type	Mechanical keys
Machine Interface	SINUMERIK operator panel bus
Installation Type	Panel mounting
Control Function	Machine operation
Product Status	Phase-out announced

- CNC Machining and Turning Cells: Machine Operation Systems
- Powertrain Machining Lines: Production Machine Systems
- Precision Component Machining: CNC Production Systems

Match 6FC5303-0AF23-0AA1 to the installed SINUMERIK machine control panels, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
