

CONTROLEDGE HC900 I/O SCANNERS

Product Data Sheet

900C53-0244-00

remote-rack I/O scanner module

FUNCTION	FAMILY	ORIGIN	WEIGHT
remote-rack I/O scanner module	ControlEdge HC900 I/O scanners	United States	0.50 kg

ControlEdge HC900 900C53-0244-00 is a remote-rack I/O scanner module for the ControlEdge HC900 I/O scanners. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Module Type	Remote-rack I/O scanner
Controller Platform	ControlEdge HC900
Rack Type	Remote I/O rack
System Role	Remote rack communications
Safety Version	Non-SIL
Compatibility Class	Legacy scanner
Compatibility Rule	Revision codes must match
Manual Revision	Revision 9

- Remote Compressor and Pump Stations: Remote I/O Systems
- Distributed Pump and Treatment Sites: Utility I/O Systems
- Crusher and Conveyor Field Stations: Field I/O Systems

Match 900C53-0244-00 to the installed ControlEdge HC900 I/O scanners, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
