

VERSAMAX POWER SUPPLIES

Product Data Sheet

IC200PWR102K

120/240 V AC power supply

FUNCTION 120/240 V AC power supply	FAMILY VersaMax power supplies	ORIGIN United States	WEIGHT 1.20 kg
---------------------------------------	-----------------------------------	-------------------------	-------------------

GE VersaMax IC200PWR102K is a 120/240 V AC power supply for the VersaMax power supplies. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Input Voltage	120/240 V AC
Output Voltages	5 V DC and 3.3 V DC
Input Power	27 VA
Hold-up Time	20 ms
Protection	Short circuit and overload
Total Output Current	1.5 A maximum
3.3 V Output	1.0 A maximum
5 V Output	1.5 A minus 3.3 V current
Extended Power	Supported
Mounting	CPU, NIU or booster carrier

- Automated storage and dispatch centers for 120/240 V AC power supply: Equipment Monitoring Systems
- Ballast pumping and deck machinery for 120/240 V AC power supply: Production Interface Systems
- Raw meal grinding and clinker handling for 120/240 V AC power supply: Material Handling Systems

Match IC200PWR102K to the installed VersaMax power supplies, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
