

STEPPER MOTOR DRIVER

Product Data Sheet

SD17060B-25

stepper motor driver

FUNCTION stepper motor driver	FAMILY stepper motor driver	ORIGIN United States	WEIGHT See quotation
----------------------------------	--------------------------------	-------------------------	-------------------------

AMCI SD17060B-25 is a stepper motor driver for the stepper motor driver. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Device Function	Stepper motor driver
Control Method	Microstepping
Motor Interface	Two-phase stepper
Command Interface	Pulse and direction
Protection	Overcurrent shutdown
Diagnostics	Status indicators
Mounting Context	Motion control cabinet
Replacement Check	Article code and revision

- Control and protection cabinets: Equipment Control Systems
- Process monitoring and drive systems: Process Interface Systems
- Machine and panel automation: Industrial Control Systems

Match SD17060B-25 to the installed stepper motor driver, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
