

SIGNAL CONVERTER

Product Data Sheet

IFMA0035

signal converter

FUNCTION signal converter	FAMILY signal converter	ORIGIN United States	WEIGHT See quotation
------------------------------	----------------------------	-------------------------	-------------------------

RED LION IFMA0035 is a signal converter for the signal converter. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Device Function	Signal converter
Input Signal	Industrial process signal
Output Signal	Conditioned analog signal
Isolation	Signal isolation
Diagnostics	Status indication
Mounting Context	Control panel
Power Source	Control supply
Replacement Check	Article code and revision

- Control and protection cabinets: Equipment Control Systems
- Process monitoring and drive systems: Process Interface Systems
- Machine and panel automation: Industrial Control Systems

Match IFMA0035 to the installed signal converter, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
