

ISOLATED CURRENT INPUT MODULE

Product Data Sheet

CM-1-335

isolated current input module

FUNCTION isolated current input module	FAMILY isolated current input module	ORIGIN United States	WEIGHT See quotation
---	---	-------------------------	-------------------------

COMPRESSOR CONTROLS CORPORATION CM-1-335 is a isolated current input module for the isolated current input module. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Module Function	Isolated current input
Input Signal	Process current signal
Isolation	Galvanic signal isolation
Output Signal	Conditioned current
Diagnostics	Channel status
Mounting Context	Compressor control panel
Service Access	I/O module replacement
Replacement Check	Article code and revision

- Control and protection cabinets: Equipment Control Systems
- Process monitoring and drive systems: Process Interface Systems
- Machine and panel automation: Industrial Control Systems

Match CM-1-335 to the installed isolated current input module, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
