ADDITIONAL PRODUCT DATA

Supply, Signal, And buslines	The wiring arrangement and installation are correct.
Signal and buslines	Any break of a line or conductor does not result in undefined states of the plant or system.

OFFICIAL APPLICATIONS

- Pumping and Filtration Plants: Utility Automation Systems
- Compression and Pipeline Stations: Hydrocarbon Control Systems
- Stock and Paper Machines: Mill Production Systems

SYSTEM COMPATIBILITY

Match 6ES7352-5AH00-0AE0 to the installed SIMATIC S7-300 function modules, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
