Product Data Sheet

YPCT21092-1-4

drive interface circuit board

FUNCTION drive interface circuit board	FAMILY Yaskawa drive control assemblies	ORIGIN Japan	WEIGHT 0.65 kg
---	--	-----------------	-------------------

YASKAWA YPCT21092-1-4 is a drive interface circuit board for the Yaskawa drive control assemblies. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

PCB Design	Design 2
Flammability Class	94V-0
Connector Count	Five labeled headers
Connector 39CN	6 positions at 39CN
Connector 40CN	6 positions at 40CN
Connector 41CN	2 positions at 41CN
Connector 42CN	2 positions at 42CN
Connector 43CN	2 positions at 43CN

- Machine drive interface panels: Drive Interface Systems
- Mill-drive control cabinets: Drive Control Systems
- Sectional drive panels: Machine Drive Systems

Match YPCT21092-1-4 to the installed Yaskawa drive control assemblies, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
