

ET 200PRO MOTOR STARTER

Product Data Sheet

3RK1922-2BA00

110 mm Backplane Bus Module

PRODUCT DESIGNATION	ASSIGNED STATION	COMPATIBLE FUNCTIONS	PROTECTION DEGREE
110 mm backplane bus module	ET 200pro motor-starter station	Maintenance switch and ASM disconnecting module 400 V	IP65

Siemens 3RK1922-2BA00 is a 110 mm backplane bus module in the ET 200pro Motor Starter range. It provides the documented function for a compatible industrial automation or building-control configuration.

01

VERIFIED TECHNICAL DATA

Product designation	110 mm backplane bus module
Assigned station	ET 200pro motor-starter station
Compatible functions	Maintenance switch and ASM disconnecting module 400 V
Protection degree	IP65
Mounting height	22.5 mm
Installation width	110 mm
Installation depth	130 mm
Storage temperature	-40 to 70 °C
Operating temperature	-25 to 55 °C

ADDITIONAL PRODUCT DATA

Naked product size	11 x 13 x 2.25 cm
Naked product weight	0.160 kg

DOCUMENTED USE SETTINGS

Manufacturing and Production Operations and Process Coordination: Industrial production and assembly operations within controlled production environments.

Materials Handling and Packaging Operations and Operational Continuity: Distribution and logistics operations for monitored service operations.

Metals and Construction Materials Production and Lifecycle Support: Metal production and finishing across established industrial sectors.

SYSTEM COMPATIBILITY

Integrate 3RK1922-2BA00 only in the documented ET 200pro Motor Starter arrangement. Match the supply, interface and connector allocation to the accepted engineering record.
