

ET 200PA SMART

Product Data Sheet

6ES7650-8PC00-0AA0

Two-Module Active Bus Module

BUS MODULE TYPE	MODULE CAPACITY	SERVICE FUNCTION	PRODUCT VERSION
BM 2x40	Two 40 mm I/O modules	Insertion and removal support	Standard execution, x=0

Siemens 6ES7650-8PC00-0AA0 is a two-module active bus module in the ET 200PA SMART range. It provides the documented function for a compatible industrial automation or building-control configuration.

01

VERIFIED TECHNICAL DATA

Bus module type	BM 2x40
Module capacity	Two 40 mm I/O modules
Service function	Insertion and removal support
Product version	Standard execution, x=0
System interface	ET 200PA SMART with IM 650
Backplane function	Active I/O module connection

ADDITIONAL PRODUCT DATA

Naked product size	9.7 x 9.2 x 3 cm
Naked product weight	0.140 kg

DOCUMENTED USE SETTINGS

Continuous Process and Batch Production and Lifecycle Support: Continuous production and material transformation across established industrial sectors.

Electricity Production and Energy Services and Process Coordination: Thermal and renewable electricity production within controlled production environments.

Water Supply and Environmental Services and Operational Continuity: Municipal and industrial water services for monitored service operations.

SYSTEM COMPATIBILITY

Integrate 6ES7650-8PC00-0AA0 only in the documented ET 200PA SMART arrangement. Match the supply, interface and connector allocation to the accepted engineering record.
