

SINAMICS MEMORY AND LICENSING

Product Data Sheet

6SL3054-4AG00-2AA0-Z

SINAMICS memory card with supplemental option

FUNCTION	FAMILY	ORIGIN	WEIGHT
SINAMICS memory card with supplement	SINAMICS memory and licensing	Germany	0.03 kg

Siemens 6SL3054-4AG00-2AA0-Z is a SINAMICS memory card with supplemental option for the SINAMICS memory and licensing. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Accessory type	SINAMICS memory card
Memory medium	SD card
Memory capacity	512 MB class
Option suffix	-Z supplemental option
Function	Firmware and parameter storage
Engineering use	Commissioning and data transfer
Product family	SINAMICS
Order identity	Complete code including -Z required

- Upstream Production and Midstream Transport Operations: Upstream petroleum production and gathering operating areas; Pipeline transport storage and terminal operating areas
- Industrial Research and Technical Validation Operations: Industrial research development and prototype production areas; Technical validation laboratory and environmental testing areas
- Batch Formulation and Continuous Chemical Production: Batch chemical production and formulation operating areas; Continuous chemical and material processing production areas

Match 6SL3054-4AG00-2AA0-Z to the installed SINAMICS memory and licensing, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
