Product Data Sheet

6ES7138-4DF01-0AB0

PM-E 24 V DC power module

FUNCTION PM-E 24 V DC power	FAMILY SIMATIC ET 200S	ORIGIN Germany	WEIGHT 0.05 kg
---------------------------------------	----------------------------------	--------------------------	--------------------------

Siemens 6ES7138-4DF01-0AB0 is a PM-E 24 V DC power module for the SIMATIC ET 200S. The values below are limited to the exact documented article.

01

VERIFIED TECHNICAL DATA

Module type	Power module PM-E
Supply voltage	24 V DC
Supply range	20.4 to 28.8 V DC
Potential group	ET 200S electronic modules
Reverse polarity	Protected
Status indication	Supply voltage LED
Module width	15 mm
Protection	IP20

- Vehicle and Automotive Component Production: Vehicle assembly and component production; Automotive electronics and precision manufacturing
- Food Processing and Beverage Production: Food processing and consumer packaging; Beverage production and hygienic processing
- Solar and Wind Power Production: Solar power production and conversion; Wind generation and electrical conversion

Match 6ES7138-4DF01-0AB0 to the installed SIMATIC ET 200S, complete wiring, mating hardware, revision and approved configuration. A similar article number does not establish direct interchangeability.
