Product Data Sheet

REF615C_D

Feeder Protection Control Relay

TYPE	REFERENCE	FAMILY	SCOPE
Feeder Protection Control Relay	**REF615C_D**	**Relion REF615**	**Scoped technical data**

ABB REF615C_D is a feeder-protection and control relay in the Relion REF615 family. A front display, navigation keypad, status indicators and dedicated opening and closing keys provide a local interface within the withdrawable relay-and-case construction.

01 DOCUMENTED PRODUCT REFERENCE

Product construction	Withdrawable relay unit and case
Local interface	Front display and keypad
Primary control keys	Dedicated opening and closing keys

Manufacturer data summarized for the identified model and stated conditions.

02 TECHNICAL DATA

Navigation interface	Directional navigation keys
Local status indication	Ready, Start and Trip indicators
Engineering environment	PCM600, with matching REF615 connectivity package

03 APPLICATION AND CONFIGURATION

- REF615C_D identity
- Complete supplied article and connection arrangement
- Applicable ratings and required configuration
- Qualified acceptance and functional checks
- Use the applicable manufacturer safety and installation instructions.

04 OFFICIAL DOCUMENTATION

ABB REF615 IEC Product Guide, 1MRS756379 U

Common family construction and engineering guidance, with original photographed front controls. Complete order code, supply option and ordered I/O/communications remain unverified.

Independently prepared Amikon reference summary, not an original manufacturer manual. Ratings apply only under their documented conditions. Confirm the supplied marking and approved configuration before selection, installation or replacement.
